REVENUE REDUCTION.

House Takes Up the Bill and Payne Opens the Argument.

SHIP SUBSIDY BILL IN THE SENATE.

Secretary of War Requested to Report On Hazing at West Point—Clay Of Georgia Speaks Against Subsidies For Shipping

Washington, Dec. 11.—In the house Mr. Hull, chairman of the committee on military affairs, reported back from that committee a substitute for the Driggs resolution for an investigation of the alleged hazing of Oscar L. Booz at West Point. The substitute in substance is that it being alleged in the newspapers that Oscar L. Booz of Bristol, Pa., formerly a cadet at the United States military academy at West Point, died at his home from injuries purporting to have been the result of hazing inflicted upon him by certain unknown cadets of the said military academy, and the secretary of war is now making investigation of the acts, the secretary be requested to report the result of such investigation to the house of representatives together with such recommendations as he may see fit to make. The report of Secretary Root together with that of Superintendent Mills is attached to the resolution.

Colonel Mills has entered the broadest denial, based upon the full investigation made by himself, of the report of the hazing. Secretary Root reports that at the instance of Colonel Mills he has appointed a board consisting of Major General Brooks, Colonel Gillespie and Colonel Clous, to meet at West Point Dec 15 to investigate, not only the Booz case, but also the methods employed at the academy to prevent hazing.

The house took up for consideration the bill for the reduction of war taxes. Mr. Payne (N. Y.) made the opening address on the revenue bill explaining the proposed reductions.

The judiciary committee reported favorably the bill providing for an additional district judge for the northern district of Ohio.

In the Senate.

Washington, Dec. 11.—The oleomargarine bill which passed the house was referred to the senate committee on agriculture without division. The shipping bill was taken up and Mr. Clay of Georgia made an extended speech against it. After discussing the facilities of the United States for ship building, Mr. Clay argued that there was no more reason for giving a subsidy to ship builders and owners than to the farmer who produces wheat or cotton or corn. If the ship owner is entitled to a subsidy, he continued, the farmer is equally entitled to one.

The Consular Service.

Washington, Dec. 11.—Messrs. Laverne W. Noyes and Charles Truax of the National Business League of Chicago, and Mr. Butler of New York, addressed the house committee on foreign affairs in favor of a reorganization of the consular service on business lines. It was argued that the political element enters too strongly into the present system of appointments and when a consul's service closed at the end of a presidential term he had just acquired the knowledge making him valuable for the place. Representative Aldrich of Alabama was heard on his bill to establish diplomatic and consular school at Washington similar to the military school at West Point and the naval school at Annapolis, and set forth the merits of the plan.

Appropriation Bill Passed.

Washington, Dec. 11.—The first of the great supply bills, the legislative, executive and judicial appropriation bill, was passed by the house in record time. The bill carries \$24,496,308, and has 131 pages, but there was less than 10 minutes' debate upon it. Mr. Bingham (Pa.), who has charge of the measure, tendered his thanks to the house for the confidence shown in the appropriations committee. It required about three hours for the clerk to read the bill.

Clark Case Referred.

Washington, Dec. 11.—The senate referred the credentials of W. A. Clark and Martin Maginnis, contesting senators from the state of Montana to the committee on privileges and elections. A debate reopening the Clark case occurred upon the motion of Senator Chandler to recommit the resolution declaring the seat from Montana vacant.

Washington, Dec. 11.—The president sent to the senate the name of George Von L. Meyer of Massachusetts to be ambassador of the United States to Italy.

BECKHAM INAUGURATED.

Administrative Policies Outlined—No Reference to Goebel Tragedy.

Frankfort, Ky., Dec. 11.—Governor Beckham was inaugurated for a term of three years, with inaugural ceremonies the most elaborate witnessed in the state during the present decade. The inaugural parade was made up of all the military companies of the state comprising three regiments, the Duckworth club of Cincinnati, political clubs from this city, Louisville and other towns of the state, civic societies and distinguished citizens in carriages and on horseback forming a procession of great length. When the inaugural procession reached the state capitol, the oath of office was administered to the governor by Chief Justice Hazlerigg, in the presence of a great crowd which had gathered to witness the ceremonies. After the ceremonies at the inaugural stand the governor reviewed the state troops.

Governor Beckham in his inaugural address did not refer to the murder of William Goebel, but devoted himself entirely to state matters. He thanked the people for the honor conferred upon him by electing him governor for the remaining part of the term. He promised the state a clean and honest administration of its executive affairs in a spirit of fairness and tolerance with no feeling of partisan hate or malice, with the sincere desire to remove as far as possible, all friction and ill feeling from among the people. He briefly stated some of the leading policies by which he will be guided in the administration of the office and promised his cordial support in the development of Kentucky's industrial interests. He said it would be his policy to keep the state guard in a first class condition, but that the military power shall always be in absolute subordination to the civil authority and shall never be called into active service except as a last resort in carrying out the decrees of judicial tribunals.

Strike Statements Differ.

Chicago, Dec. 11.—According to officials of the Atchison, Topeka and Santa Fe railroad in Chicago, only 150 vacancies made by the strike of telegraph operators on that system yet remain to be filled, and all of these are east of Albuquerque, including the gulf division, the center of the strike trouble. The officials also state enough men have already been engaged to fill half of these places, and that the train service of the whole system, both freight and passenger is now restored to the basis existing before the strike was called. Representatives of the operators insist that the tie-up is complete and are urging the strikers to remain out. Owing to the wide discrepancies between the statements of the railroad officers and the leaders of the striking operators it is impossible to correctly estimate the number of operators who are out.

A. F. L. Convention.

Louisville, Dec. 11.—At the convention of the A. F. L. a rosewood gavel was presented President Gompers by the Central Labor Union of Louisville. A resolution adopted pledges the support of the federation to the unions of Tampa and denouncing the Resistance. Another resolution adopted provides that affiliated unions acknowledge cards issued by federated unions. Other resolutions adopted provide for the demanding of the card of the retail clerks' international protective association when making purchases for the organization of unions of shipping department workers and all other freight handlers; for organization of blacksmiths and the placing of such organizations in the front rank of trade unionism; for the organization of trunk and bag workers, and for the organization of agriculturists.

Coffee Instead of Pistols.

Berlin, Dec. 11.—The German foreign office authorizes the following statement regarding the Waldersee-Chaffee incident, based upon a cable dispatch from Field Marshal Von Waldersee: General Chaffee wrote Field Marshal Von Waldersee a letter in a rough tone. Field Marshal Von Waldersee refused to receive it, returning the same to General Chaffee. The latter then wrote a second letter apologizing for his objectionable expressions, whereupon Field Marshal Von Waldersee invited General Chaffee to breakfast and the incident was closed.

Meager News of Battle.

London, Dec. 11.—An evening paper says the battle between General Knox and General Dewet continues and that the forces changed ground incessantly. Lack of definite information on the subject is said to be due to the absence of telegraphic communication with the scene of action. While the war office is most reticent on the subject there are indications that the officials have received news suggesting considerable British success against General Dewet.

Honeymoon in Crete.

Denver, Dec. 11.—Panay G. Vouras, one of the best versed men of the day in the languages of the Orient, who has a record as a soldier under many flags and as an officer of the United States secret service, was married in Denver by Magistrate Rice to Mrs. Effie Cook, daughter of Fred Smith and granddaughter of the late Colonel McMartin of the British guards. They became engaged a week ago, having met last summer in Salt Lake City. The couple will spend their honeymoon in Crete. Vouras is a son of George Vouras, one of the hereditary chieftains of the island of Crete. He has held positions as instructor in classics at Harvard, University of Western Pennsylvania at Pittsburg and at Tulane university, New Orleans. At one time he served on the detective force in San Francisco and assisted in the arrest of Theodore Durant. Later he went into the United States secret service and was engaged in breaking up gangs of counterfeiters.

Recruits For the Army.

San Francisco, Dec. 11.—Recruits are arriving at the Presidio from various enlistment points throughout the country at the rate of about 250 a week. There are over 400 at the barracks. Many of these will probably be held here awaiting orders from Washington, for it is reported that the gaps in the army in China and the Philippines are filled. The following medical contingent will sail for Manila on the Logan Saturday: Acting assistant surgeons W. L. Whittington, G. W. Thorpe and M. Purcell, contract nurses Marie E. Moore and Henrietta Morrison, Steward George Graham, an assistant steward and 31 hospital corps men.

C. H. & D. to Refund.

Cincinnati, Dec. 11.—A special meeting of the stockholders of the Cincinnati, Hamilton and Dayton road was held in the offices of the company in the Carew building. The matter of reorganizing the financial affairs of the road by issuing refunding bonds that shall bear a lesser rate of interest than the present outstanding securities of the company was discussed and the unanimous vote of the stock represented at the meeting was cast in favor of such action. The plan to bring about the desired result is left with the board of directors.

Christiania, Dec. 11.—Henrik Ibsen fessor Nordenskjold of the University of Upsala, has arrived here to make preparation for his trip to the Antarctic region.

THRILLING ADVENTURE.

Captain Shields Tells of the Capture And Rescue of His Men

San Francisco, Dec. 11.—Captain Devereaux Shields of the Twenty-ninth United States infantry, has been invalided home on account of the two wounds received in one of the most thrilling adventures of the war in the Philippines. Captain Shields and 52 men left Santa Cruz, on the island of Marinduque, Sept. 11 for the purpose of reconnoitering. Two days later they fell into an ambush and were fired upon by about 250 men with rifles who were supported by about 2,000 men with bolos.

Captain Shields, telling of the engagement, said: "I was twice wounded and fell unconscious, but soon recovered and then gave the order for the command to fight its way back to the station. I told them to leave me with a man from the hospital corps. I dropped behind a rice stack and told the men to raise the white flag. The insurgents continued to fire at us. The men fought their way a short distance and were surrounded and had to surrender or be killed. After the insurgents came to me one of them took all my belongings. Another man was just going to shoot when I saw a hand and arm come forward and strike up the gun. We were kept in native hovels 12 days and then we started on a march over mountains, through forests and across rivers, compelled to sleep in mud and given only the dirtiest water with which to wash our wounds. This continued until Oct. 12, when we were told that orders had been received to turn us over to the Americans. We were taken to Buena Vista and turned over to General Hare."

Bringing Home the Dead.

San Francisco, Dec. 11.—The United States transport Hancock arrived from Manila via Nagasaki, with her flag at half mast. She left Manila with 369 enlisted sick and discharged soldiers and civilians. At Nagasaki the body of Corporal Victor J. Lindemann of the Third artillery was transferred from the hospital ship Relief. On the voyage from Nagasaki 10 sick soldiers died. Of the sick men there are over 200. All the bodies the Hancock had taken from Honolulu and Guam were transferred at Manila to the Thomas and Grant and others of the transport fleet. The Grant, now on her way here, has about 250 bodies on board.

Soldier Died Suddenly.

Denver, Dec. 11.—James Legg, an honorably discharged soldier, on the way to his home in Columbus, O., from the Philippines, dropped dead in a restaurant here as he was seating himself at a table. A physician whom he had previously consulted, says he was suffering from ptomaine poisoning. Legg served with the Seventeenth United States infantry in Cuba and subsequently went to the Philippines where he distinguished himself in many engagements.

Holland Keeps Hands Off.

The Hague, Dec. 11.—The Dutch government finally and definitely refused to take the initiative in behalf of arbitration between the Transvaal and Great Britain.

CHANG'S CREDENTIALS

He Says They're Good Although He Got Them by Telegraph.

THE MINISTERS LOOK THEM OVER.

Representatives of Some of the Governments Not Yet Authorized to Treat With the Chinese Envoys. The Provisional Government.

Peking, Dec. 11.—At the meeting of the ministers, called to consider if Li Hung Chang and Prince Ching had power of the court to conduct negotiations for a settlement on behalf of China, some of the ministers stated that they were authorized to treat with them as representatives of China, while others, including the German minister, had not received instructions in the matter. All decided, however, that as soon as Sir Ernest Mason Satow, the British minister, shall receive word to agree to the joint note they will commence negotiations with Li Hung Chang and Prince Ching unless otherwise instructed by their home government.

Li Hung Chang visited General Chaffee. He says that his powers to negotiate with the foreign envoys, though conferred by telegraph, are absolute and complete.

There is every prospect that definite steps will be taken for the arrangement of a preliminary settlement within a measurable distance and this greatly relieves those who realized the danger of prolonged delay in opening negotiations. The railway between this city and Tien Tsin is again open and a train consisting of four carriages arrived here without accident. Regular traffic will be resumed Dec. 15.

At the meeting of the provisional government here the United States was represented by Captain Dods of the Ninth infantry. All of the governments have entered into the plan except France whose representatives insist that French territory shall be excluded from the rule of the commission appointed. A number of subcommittees were appointed. Several high Chinese officials, on being asked, expressed a desire to assist. Though army officers have been appointed members of the commission, it is the desire of the generals to make the rule civil, as far as possible. Japan was placed on the charity committee on account of the amount of rice she commandeered in August, most of which she has now.

The Chancellor's Explanation.

Berlin, Dec. 11.—The papers here discuss rather favorably the speech in the reichstag of Count Von Buelow, the imperial chancellor, in reply to a question on the subject of Mr. Kruger's failure to be received by Emperor William, but they complain that he did not indicate his international policy. The National Zeitung despite its sympathy for the Boers says the German people will approve Count Von Buelow's outlined Boer policy. The Tageblatt says Count Von Buelow did not answer the question why it was necessary to affront Mr. Kruger, even admitting that Germany could not help him. The Vossische Zeitung says the chancellor furnished documentary proof that Germany, with Holland, had repeatedly warned and advised Mr. Kruger who had paid no heed to them.

Liscum's Funeral.

Washington, Dec. 11.—The remains of Colonel Emerson H. Liscum have been interred in Arlington cemetery. The escort to the cemetery under Colonel W. A. Rafferty, consisted of a squadron of cavalry under Major Ed Thomas, Battery F, Second artillery, Captain C. Parkhurst, and a battalion of marines commanded by Major Carmany. At the cemetery Rev. Mackay Smith, rector of St. John's Episcopal church conducted the Episcopal service for the dead. After the services salutes were fired over the grave and the sounding of taps completed the ceremonies. President McKinley, members of the cabinet and members of the Vermont delegation in congress attended the funeral.

Feared a Mob.

Maysville, Ky., Dec. 11.—Rumors that a mob was coming from Catlettsburg to lynch John Gibson, who is in jail here charged with torturing his stepdaughter to death, led the authorities to drive him in a closed carriage to the hamlet of Germantown, 12 miles away. A big crowd gathered at Germantown upon the prisoner's arrival but no violence was offered. Gibson was on the verge of collapse from fright over a report that he was to be chained to a steel rail and burned alive. When the officers received word that all was safe at Maysville the prisoner was then driven back and he is again in jail there.

The merchant who has purchased a line of goods for the Christmas trade should let the people know what he has if he wishes to dispose of his stock. People look to the newspapers for all such information, and the advertisers are the ones who enjoy the greatest business. Christmas is only two weeks off, and now is the time to do your advertising.

TRUSTS DEAL PORTSMOUTH AND IRONTON A BLOW.

Portsmouth and Ironton people now have striking objects of lessons on the work of trusts, and it is doubtful whether a man of unbiased mind could be found in that city who would dare to venture a statement that these Republican-fostered combines are a good thing.

The Eagle mill, in Ironton, while owned and operated by private capital was one of the city's most substantial supports," says the Portsmouth Times, "but since it has passed into the hands of a trust and those selling have pocketed their gain, together with the \$10,000 given them by the city, the mill has been but little better than a roosting place for bats. The experience of Ironton is simply that of other cities where the withering hands of the trusts have been placed.

"The Burgess (iron and steel) mill, of Portsmouth, to retain which only two years ago the people of that city gave Mr. York \$80,000, was recently sold to a trust. It is a new mill and one of the best in the country, yet the trust, of which it becomes a part, orders it closed, and the community suffers the consequences.

"The work of dismantling the Burgess mills and preparing for the final closing is going on rapidly. One department after another is being closed and by next Tuesday the entire plant will be closed. In the meantime everything loose about the establishment is being prepared for shipment to Pittsburg, to other mills owned by the trust. The mill begins to look like a cyclone had struck it and soon the tread of the watchman will only be heard where once the busy workmen hustled about."

This Portsmouth mill will give employment to from 600 to 1,000 hands, and it is learned that the owners of Portsmouth dwellings who formerly rented homes to these mill employes at \$12 a month are now glad to get \$4 a month for the houses. But Hanna, the Republican boss, says trusts are good things and Portsmouth endorsed that declaration at the recent election. Our neighboring up-the-river city is now finding out that the steel combine may be a good thing for the few millionaires back of it, but most destructive to her own welfare.

The Need of Good Sheds

Is painfully evident on a good many farms in this section, especially in winter. This should not be, and need not be, if you who are shy on sheds will take the trouble to run in and ask our prices. We have a good stock of common boards—plenty good enough for sheds—that we will sell you at a very low price. At our prices it is cheaper to own sheds than go without. Tobacco hogsheads a specialty.

The residence of Dr. Bowman at Tollesboro was destroyed by fire Tuesday afternoon at 1 o'clock. The flames started from a defective flue. His neighbors responded promptly, but did not succeed in saving the building. Most of the household goods, however, were gotten out.

The loss amounts to about \$1,000, and is total, as Dr. Bowman carried no insurance.

More so than ever before is the enormous stock of goods I carry, but you can only get a full conception of the magnitude by coming and seeing for yourself, which all are specially invited to do. Being encouraged by my largely increased business of the last year my purchases for the season now at hand have been enormously heavy in order to meet the rapidly growing demands of my trade, which is not now confined to retailing exclusively, but I have a large and steadily growing

WHOLESALE TRADE,

Which has to be supplied with the better class of goods, that are not to be found in many of the jobbing houses. I was early in the market, which enabled me to make my purchases—exclusively for cash—before the advance in prices of many of the leading articles. Therefore, I am prepared to successfully meet any and all competition. I handle nothing but the best goods, all of which I buy directly from the producers in large quantities at prices as low as any jobbing house in the State. I am always in position to sell the very best goods at prices as low, or even lower, than you pay for common, stale and trashy stuff at other places; besides I carry in stock many articles that can't be found in any other store in our city. Special attention is called to my very large and superior stock of

**New Crop Plantation Molasses,
Pure Lewis County
Sorghum,**

Green and roasted Coffees, Sugars and fine Teas, immense stock of canned goods of all kinds, pure Maple Syrup and Sugar, the finest brands of Ham, Broth, Bacon and Leaf Lard, put up specially for my trade. Pure Buckwheat Flour, Pancake Flour, Whole Wheat Flour, Graham Flour, Cereals of all kinds, Poultry, Game Oysters, Cranberries, Apples, Oranges, Lemons, Bananas, Figs, Dates, Raisins, Citron, Lemon and Orange Peel, Olives, finest Cream Cheese, Edam Cheese, Pine Apple Cheese, Mince Meat, Preserves, Catsup, fine Pickles—sour and sweet—in fact everything to eat of the very best. In addition, and specially for the holiday trade, I have laid in an immense supply of

Candies, Nuts, Fireworks,

which will be sold at net cost to my customers as a Christmas treat. And don't forget the Perfection Flour is the best and that my fine blended coffee has no equal.

People from the country are invited to make my house headquarters when in our city. I run two delivery wagons regularly and all goods will be delivered to any promptly. You can, but if you can't come call up PHONE 87.

John M. Chamberlain has qualified as guardian of Elasha Chandler and Charles M. Chandler and filed a report of their estate.

In looking for a Christmas present do not forget to look at the "New Kentucky Home" cook book, published by the ladies of the M. E. Church, South. You can find them at Miss Lou Powling's, J. T. Kackley & Co.'s and Harry Taylor's.

Miss Katherine Ridd, of Winchester, and Walter Morrison, of Lagrange, were married a few days ago. The bride is the daughter of Presiding Elder Alex. Ridd, the well-known Methodist divine, formerly in charge of the Maysville district.

The fruit trade in this country is assuming an importance hardly second to cereals. The strawberry crop is said to be worth \$80,000,000, apples \$20,000,000, oranges and peaches \$20,000,000 and sufficient small fruits to bring the total up to \$500,000,000.

POYNIZ Bros. are the only Maysville distillers selling pure liquors by the quart, gallon or barrel, direct from distillery to consumer. Seven-year-old whisky \$2 per gallon. Age and quality guaranteed. Get the best. Office 126 Market street—Watson's old stand.

A man died in the Lawrence County "poor house" a few days ago, and his administrator has now brought suit to recover \$16,000 life insurance for three destitute children of the deceased. The Louisa News says J. G. Johnson, of Mr. Sterling, has probably already collected the money, as he claims to have kept the premiums paid up after the man's death.

See Chenoweth's line of comb and brush cases, manicure sets, traveling cases, collar and cuff boxes, powder puffs, pocket books, bill books, card cases, cigar cases, soap boxes, perfumery in bulk and fancy bottles, atomizers, cut glass bottles, sachet powder, toilet articles, combs, brushes, clothes brushes, whisk brooms, shaving mugs and brushes, infant sets, hand mirrors, etc.

THOMAS J. CHENOWETH, druggist.

Mrs. Sarah Morrison, nee Wilson, died a few days ago at her home east of Springdale from injuries. While assisting her husband to hang up some tobacco, a C. and O. train ran over and wounded a dog near the barn. Hearing the animal's pitiful cries, she thought her only child had been run over and hurt, and in her haste to reach him she jumped from the fourth tier of the barn, injuring herself so badly that she died that night. Her husband and one child survive.

In view of the fact that they have but one copy of each book, the Board of Directors of the New Public Library has ordered that the Librarian strictly limit even the county subscribers to two weeks in the use of a book. The weather and the distance are excellent excuses, but for \$1 per annum they cannot expect to keep a book longer than two weeks. Special emphasis is laid upon the rule forbidding any subscriber to loan a book outside of his own house. The Librarian has been informed of some who frequently break this rule.
